SAFETY INSTRUCTIONS FOR THE "SEED DISCS" CATEGORY

1. Introduction

This document outlines the safety guidelines and proper use of products in the "**Seed Discs**" category. This includes items such as **seed discs, sowing mats, and other accessories for precision planting**. Following these guidelines ensures user safety and effective use of the products.

2. General Safety Guidelines

- Store **seed discs** in a dry, cool place, away from moisture to prevent damage.
 - Use products as intended, following the manufacturer's instructions.
 - Do not expose seed discs to direct sunlight or excessive heat.
 - Before use, ensure the product is complete, undamaged, and suitable for planting.
 - Handle delicate materials carefully to maintain the structure of the seed discs.
 - Keep products out of reach of children and pets to avoid accidental ingestion.
-

3. General Precautions

- **Preparing the Soil** – Ensure that the soil or planting medium is properly prepared according to the plant requirements.
 - **Watering** – Use moderate watering to avoid over-saturating the discs and damaging the seeds.
 - **Safe Handling** – Handle discs carefully to maintain their shape and functionality.
 - **Avoid Modifications** – Do not cut or divide seed discs unless recommended by the manufacturer.
 - **Environmental Protection** – Dispose of used discs and packaging according to local waste regulations.
-

4. Safety During Sowing

- Ensure that the discs are properly placed on the soil to allow uniform plant growth.
 - Work with clean gloves to avoid contaminating seeds or the planting medium.
 - Do not use damaged discs, as they may result in uneven germination.
-

5. Maintenance and Storage

- Store discs in their original packaging to protect them from moisture and dust.
 - Avoid crushing or mechanically damaging the discs during storage.
 - For long-term storage, monitor the condition of the product and replace any that are worn or damaged.
-

6. Emergency Procedures

- If the product comes into contact with water before use, allow it to dry if possible.
 - In case of accidental ingestion, contact a doctor immediately.
 - Properly dispose of damaged or incomplete seed discs.
-

Final Remarks

Following these guidelines ensures safe and effective use of seed discs and related accessories. Proper storage and handling according to the manufacturer's recommendations are essential.

Safety First!
