# SAFETY INSTRUCTIONS FOR THE "GROWING MEDIA" CATEGORY

## 1. Introduction

This document outlines the safety guidelines and proper use of products in the "**Growing Media**" category. This includes items such as **garden soil, substrates, specialty growing media, granules, and accessories for preparing soil**. Following these guidelines ensures user safety and optimal plant growth conditions.

---

## 2. General Safety Guidelines

- Store **growing media** in a dry, well-ventilated place, away from moisture and heat sources.
- Before use, ensure the media is free from visible contaminants and packaging damage.
- Avoid contact with eyes, skin, and respiratory pathways.

- Use products strictly as intended and according to the manufacturer's recommendations.
  - Keep growing media out of reach of children and pets.
  - Use personal protective equipment (PPE), such as gloves and masks, when handling substrates.
- 

### 3. Precautions During Use

- **Proper Watering** – Use growing media in accordance with plant requirements, ensuring appropriate watering and aeration.
  - **Safe Application** – Spread the media carefully to minimize dust generation.
  - **Skin Protection** – Wear protective gloves to prevent skin irritation, especially when working with nutrient-rich substrates.
  - **Room Ventilation** – In enclosed spaces, ensure proper ventilation to reduce dust inhalation.
  - **Clean Workspace** – After use, clean up residual media and wash hands and tools thoroughly.
- 

### 4. Maintenance and Storage

- Store growing media in original, sealed packaging to prevent moisture and contamination.
  - Do not store growing media near flammable materials or heat sources.
  - Dispose of used packaging and excess media according to local organic waste disposal regulations.
  - Regularly check stored media for pests or mold contamination.
- 

### 5. Emergency Procedures

- **Skin Contact** – In case of skin irritation, wash thoroughly with soap and water.
  - **Eye Contact** – Rinse eyes with plenty of running water for at least 15 minutes and consult a doctor.
  - **Dust Inhalation** – Leave the area and breathe fresh air. Seek medical advice if necessary.
  - **Ingestion** – Rinse mouth with water and contact a doctor. Do not induce vomiting.
- 

### Final Remarks

Following these guidelines ensures safe and effective use of garden and specialty growing media. Regularly monitor the condition of stored products and adhere to the manufacturer's recommendations.

**Safety First!**
