# SAFETY INSTRUCTIONS FOR THE "HUMIDITY REGULATOR" CATEGORY

## 1. Introduction

This document outlines the safety guidelines and proper use of products in the "**Humidity Regulator**" category. This includes items such as **moisture absorbers, air dryers, granules, replacement cartridges, and other accessories regulating humidity levels**. Following these guidelines ensures user safety and long-term effective operation of the products.

---

## 2. General Safety Guidelines

- Use **humidity regulators** strictly as intended and according to the manufacturer's instructions.
- Store absorbers and granules in their original, tightly sealed packaging, out of reach of children and pets.
- Avoid contact of granules or moisture-absorbing cartridges with skin and eyes.

- Do not ingest or inhale products regulating humidity.
  - Use products in well-ventilated spaces.
  - Regularly inspect devices and replace used cartridges or components as needed.
- 

### 3. Precautions During Use

- **Proper Application** – Place moisture absorbers or air-drying devices on a stable surface.
  - **Avoid Overflows** – Ensure water containers or moisture-absorbing cartridges are not overfilled.
  - **Safe Handling** – Use protective gloves when replacing granulated cartridges to avoid skin irritation.
  - **Proper Location** – Do not place humidity-regulating devices near heat sources or in areas with direct water contact.
  - **Ventilation** – Ensure proper air circulation in enclosed spaces.
- 

### 4. Maintenance and Storage

- Store products in a dry, cool place, away from moisture and direct sunlight.
  - Dispose of used cartridges and granules in accordance with local chemical waste regulations.
  - Regularly clean air-drying devices as per the manufacturer's instructions to ensure proper operation.
  - Do not use damaged containers or devices.
  - Keep away from children and pets.
- 

### 5. Emergency Procedures

- **Skin Contact** – If moisture-absorbing agents come into contact with skin, rinse thoroughly with water and soap.
  - **Eye Contact** – Rinse eyes with plenty of water for at least 15 minutes and consult a doctor.
  - **Ingestion** – Do not induce vomiting. Rinse the mouth with water and seek medical attention.
  - **Granule Spills** – Safely collect spilled granules, avoiding inhalation and skin contact.
- 

### Final Remarks

Following these guidelines ensures safe and effective use of humidity regulators and related accessories. Regularly monitor the condition of products, and ensure proper maintenance and disposal.

**Safety First!**
